PROJECTS

RESPONSIVE PORTFOLIO

A webpage programmed using HMTL and CSS to display a clients photography portfolio. The site contains a Portfolio, About me, and Contact Page. It can be view with this link: https://jarora16.github.io/Homework-2---bootStrap/

PASSWORD GENERATOR

As an employee with access to sensitive data I want to randomly generate a password that meets certain criteria so that I can create a strong password that provides greater security. HTML, CSS and JavaScript were used to create this site. It can be viewed with this link: https://jarora16.github.io/Homework-3---Password-Generator/

CODING QUIZ

A website that contains a coding quiz and can store your scores. The user will be prompted 10 individual questions regarding web design and each question will have a time limit. Th user's goal is to answer all the questions correctly with the given time limit. It can be viewed with this link: https://jarora16.github.io/codingQuiz/.
